

# ...Grand Opening This Week... A. F. CRAIG'S NEW ART STORE, Inc.

No. 207 West Broad Street.

Having for thirty-five years, as an artist and art dealer, enjoyed the patronage of our best Richmond people, striving to give them the best regardless of cost, I feel that my reputation is sufficiently established to ask the continuance of their patronage. With increased facilities, a new and far superior stock, I feel that I cannot only maintain the high standard of the past but give our people something superior to what they have ever been offered before in this city. My line hardly needs explanation. It embraces everything pertaining to a highly fitted up art store. Of course, every kind of Pictures, Frames, Mirrors, Artists Materials and Art Novelties.

## RESTORING PORTRAITS AND PAINTINGS

Has been a part of my business for many years and through which experience I feel that I can assure competency in bringing back to life anything it is possible for an artist to do, besides having a competent artist to assist me in this line. My gold leaf gilder is a Northern man of a life-long experience not only in the ordinary gilding but all the new finishes in Etruscan Antique and Roman Gold.

Amidst the excitement and good spirit on the streets last night prominent consolidationists could not escape the will of the crowd. Both D. L. Toney and Augustine Royall were called upon for impromptu speeches, and surrounded by a crowd, they gladly surrendered and received loud applause. "Shorty" Smith reneged, however.

## FORTY YEARS ON BENCH

JUDGE JAMES KEITH.

## HAS SERVED STATE FOR FORTY YEARS

Judge James Keith, Member of State Judiciary Since Reconstruction Days.

Judge James Keith, President of the Virginia Supreme Court of Appeals, completed yesterday his fortieth year as a member of the judiciary of the State. Of the forty years, twenty-four years and six months were spent on the bench of the Circuit Court prior to his elevation to the Supreme bench. He has had the two positions—Circuit judge and Supreme Court justice.

Judge Keith was one of the first of the Confederate soldiers of this State to be appointed to a position of trust and importance after the State was wrested from carpet-bag rule following the days of war. Almost as a boy he rode with the famous Black Horse Troop, at first as a private soldier, and

later as an officer in the service of the Confederacy.

Fellow-members of his troop were Librarian W. W. Scott, of the Supreme Court Law Library, and Past Commander of Lee Camp James Vass, now a clerk in the office of the Auditor of Public Accounts of Virginia. After the war Judge Keith entered at once on the practice of law, and soon after his political disabilities were removed, was elected to the circuit bench. Few men have been better known in the State, and when he

was first elected to the Supreme bench about seventeen years ago, he was very soon thereafter made its president. He has been regarded as a man of mental ability and strength, his services in the interpretation of the new State Constitution having been of peculiar value.

### Delinquents May Be Fined.

Commissioner of the Revenue O. A. Hawkins issued yesterday a general circular calling attention to the importance of filing and returning at once the tax lists recently distributed. A penalty of \$25 is imposed by law for failure to fill out and return the blanks, and at the same time the commissioner's office has the duty of fixing an arbitrary assessment, which, if excessive, places on the property owner the cost of having it reduced. Parties who fail to respond promptly are to be reported to the Police Court.

## S.S.S. PERMANENTLY HEALS SORES & ULCERS

Old sores remain open and chronic ulcers refuse to heal because they are kept constantly irritated and infected by impurities in the blood. This impurity of the circulation comes from various causes. A long spell of debilitating sickness, which breeds disease germs in the system, the retention of refuse matters of the body because of a sluggish condition of the eliminative members, a continued malarial state of health, inherited bad blood, etc., are usually responsible. But whatever the cause of the infected circulation, the sore or ulcer CANNOT heal until the blood is purified. S. S. S. heals sores and ulcers in the very simplest way. It just goes into the circulation and removes the impurities and polluted matter which are the means of keeping the sore open; then the sore is bound to heal. S. S. S. is the finest of all blood purifiers, and not only does it cleanse the circulation but it adds the necessary healing qualities to the blood, and in this way assists nature to quickly cure sores and ulcers. Salves, washes, lotions, etc., can do no permanent good toward healing an old sore because such treatment does not reach the blood. These external applications may be soothing and cleansing, but the healing must begin at the bottom, and this is just what S. S. S. does by first purifying the blood, and then furnishing nourishment and health to all the flesh tissues. Book on Sores and Ulcers free to all who write and request it.
